A
Little
bit o'
Luck

Listen to an
overview

LISTEN

Watch a "how to"
video (follow-
along in some
cases)

UNDERSTAND

Ask questions
during breaks
(M365 environment
is available)

CONNECT

Rewatch short
videos later (PDFs
with links
provided)

KNOW

PORTIONS WILL BE VERY FAST PACED!

PREPARATION

If you want to follow along:

- Ideally setup an M365 Trial account
- Or in your own instance
 - Be sure you can create Teams and Sites (ask your admin)
 - Get full Owner permissions for your Teams and Sites
 - You won't be able to follow along on admin tasks
- Download the training assets (link below) and copy them to a folder on your desktop
- Much of this will be very fast paced – you won't always be able to keep up

Training Assets: <https://gotluck.link/C5-Teams-First>

TODAY'S MODULES

The background of the slide is a photograph of a white wooden building, possibly a gas station or a small shop, with a vintage gas pump and a wooden signpost. The building has a gabled roof and a window with a green frame. The gas pump is rusted and has a sign that says "LEAD". The signpost has a sign that says "books". The scene is set outdoors with trees in the background.

MODULE 1:
Team and Site
Design

MODULE 2:
Document
Management

MODULE 3:
Lists and
Automation

MODULE 4:
Viva,
Teams-First
and What's
New

POWERED BY
LUCK

LET'S GO!

C5insight

Implementation: Dynamics 365 | Power Platform | Microsoft 365
Consultation: Digital Customer and Employee Engagement
